

The architectural floor plan depicts a building with a complex layout of rooms and outdoor spaces. The plan is oriented with North (N) at the top. Key features include:

- Rooms and Spaces:** A large hall (Hallenlicht) on the right, a kitchen (Küche) at the top center, a bathroom (Dusche) at the top left, and a playground area (Spielplatz) on the left. There are also several smaller rooms, corridors, and a courtyard (Innenhof).
- Structural and Construction Details:** The plan includes numerous annotations for structural elements, materials, and construction details. These include floor levels (e.g., +0.00, +0.10, +0.20), wall thicknesses, and material specifications (e.g., "Mauerwerk", "Beton", "Ziegel").
- Dimensions and Elevations:** The plan provides detailed dimensions for rooms and corridors, as well as elevations for various points. For example, the main hall has a width of 12.00m and a length of 12.00m. The kitchen has a width of 3.00m and a length of 3.00m.
- Orientation and Surroundings:** The plan is oriented with North (N) at the top. It shows the building's location relative to the street (Brunnenstraße) and the railway (Eisenbahnstraße 15).

The plan is a detailed technical drawing, likely a working drawing, used for the construction of the building. It includes all the necessary information for the construction team to build the structure according to the architect's design.
