5 Variant tenders

☒ Variant tenders are not permitted; No 4 of the conditions of tender (form 11018 b) does not apply

☐ Variant tenders are permitted (see also No 4 of the conditions of tender (EU), form 11018 b)
– this does not include variant tenders that contain discounts with conditions –

☐ for the entire supply and/or service

☐ only for the areas specified below:

☐ except for the areas specified below:

☐ under the following additional conditions:

6 Tender evaluation

Criteria for evaluating the main tender and any variant tenders.

☐ Award criterion of price.

The price is determined on the basis of the evaluated amount of the tender.

Evaluated amounts are determined on the basis of the verified tender totals, taking account of any discounts in particular.

☒ Multiple award criteria in accordance with the “Award criteria” form.

Workshops for disabled persons are awarded a bonus of 15 % when calculating the evaluated amount.

If a tender submitted by a workshop for disabled persons is as cost-efficient as another tender, the contract will be awarded to the workshop for disabled persons.

Note: Proof of official recognition as a workshop for disabled persons must be submitted together with the tender.

7 Tenders may be submitted

☒ electronically

☒ with a qualified signature/seal

☒ with an advanced signature/seal

☒ in text form

If you are submitting a tender electronically in text form, you must specify the tenderer; if specified, the tender must include the required signature/seal.
