My/our application is based on the contract notice and the application documents. I/we hereby declare that

- my/our company has not been excluded from participation in the competition for public contracts awarded by the Federal Republic of Germany following a decision taken by the German government concerning the exclusion of applicants and bidders due to unreliability. Nor has it been excluded due to a corresponding misdemeanour in a federal state,
- I/we have not committed a serious offence that would call into question my/our reliability as a applicant.

I/we agree that in the event of an exclusion due to unreliability, my/our company and the exclusion offence may be reported to the register of unreliable companies at the Federal Office of Economic Affairs and Export Control and stored until re-admission, but for no longer than six months. I/we also agree that the register may forward the stored information to other German contract-awarding authorities to assess my reliability within the scope of a procurement procedure.

I/we are aware that knowingly providing false information in declarations in relation to professional activity, economic and financial standing and technical and professional ability may lead to our exclusion from the award of contract. I/we are aware that making an incorrect declaration may lead to the exclusion of my/our company from the award procedure and to the termination without notice of any awarded public contract due to the breach of a contractual accessory obligation for good cause.
