

Further specifications for CFSiE kits 0-6 and 7-14

1. Packaging

A) *Kit*

Each kit should be packed in one double-corrugated carton of export quality strength.

Cardboard specification:

Material: recycled cardboard box 5 ply, printed with water-based ink.

Flute type: channel 5 + channel 3 (CB)

Grammage: 635 g/m² ± 4%

Sheet resistance: 8.2 KN/m

Color: White

Size: approximate box size 400x300x300 +/- 10%

B) *Items*

Secondary packaging of items should be avoided if possible: E.g.: no additional plastic cover for balls or space-consuming packaging of ragdolls etc.

C) *Pallet*

All boxes should be palletized on standard EU-Pallets. The height of each pallet should not exceed 1600mm. Pallets should only contain one type of kit, no mixing.

2. Labelling

All boxes must be labelled as follows:

Two sides:

German Red Cross Logo:

Two sides:

Kit name in red (CMYK 0/100/100/0; RGB 230/0/5)

Title: Kit Child Friendly Space in Emergencies 0-6

Subtitle: Kit for 5 Families

or

Title: Kit Child Friendly Space in Emergencies 7-14

Subtitle: Kit for 5 Families
